Have you ever heard this?

"My baking powder," says the smooth solicitor, "costs less than Dr. Price's."

But she omits to say that it often leaves a bitter taste, that food made with it is likely to stale in a day and that it contains alum, which is condemned by many medical authorities for use in food. England and France prohibit the sale of alum baking powders.

DR. PRICE'S
CREAM
Baking Powder

is made from Cream of Tartar derived from grapes
Contains No Alum—Leaves No Bitter Taste
